

PERSONAL INFORMATION

Name **KERNSTOCK, WOLFGANG**

EDUCATION AND TRAINING

I have got my degree in Business Engineer at University of Applied Sciences Wiener Neustadt in 2007.

WORK EXPERIENCE

Actual position Teamleader Digital Transport Infrastructure for AustriaTech GmbH

Main issues in the working scope

I have been involved in the organisation and execution of several research and deployment projects in the past ten years, co-funded by the European Commission. Currently I am Teamleader for Digital Transport Infrastructure at AustriaTech and responsible for the execution of CEF funded projects. I collaborate with several Austrian partners and stakeholder for identifying and deploying ITS systems and services (especially the Austrian motorway operator ASFINAG). In addition I support the Austrian Ministry for Transport, Innovation and Technologies (BMVIT) in the areas of ITS. In the CROCODILE corridor project I am acting as project coordinator.

Activity in the European ITS Platform and Corridors

I am coordinator of the CROCODILE corridor.
